Interlochen

Sue Dunn, a ninth grader, was selected to receive the $75 chorus scholarship for the National Music Camp at Interlochen. She has sent her application into the U. of M.
University of Michigan and if she is chosen, she will be going at the end of July.

David Schreiner, our W.J.H. bassoonist, won a half-scholarship from the Kiwanis Club.

Good luck to you both.

PLAYS

Mr. Reeves 3rd Hour class produced three plays: "The Odyssey of Runyon Jones"- directed by Melvin Gable; "The Valient"- directed by Kathy Stribley; and "Einie Minie, Murder"- directed by Sue Dunn. The 5th Hour class produced "Rinse the Blood off my Toga"- directed by Bob Lokey.

Vacation time is practically upon us, but before we are freed from school we face some horrible, terrible monsters— EXAMS!!!!

9th Grade Class Sees Play

Mrs. Mays' fourth hour English IC class went to Ann Arbor High School, May 20, to see the play, "Our Town," presented by the Ann Arbor High Dramatic Club. They were the only visiting class to see the play.

The class enjoyed the play very much!! Mrs. J. Hoagbin and Mrs. W. Bredernitz accompanied the group.

"FROM THESE HALLS"

I just realized there are only two weeks of school left; for us just two more weeks at WJH. Thinking it over, it seems strange that WE are leaving this year and that June 12th will be the last time we walk out of these halls. In seventh grade it was a century away, but here it is, a little less than three years later. Now it will be OUR FReshman Farewell, OUR march at the Honors Assembly, and yet we find it hard to believe.

It has been three long, hard years and we're all glad in a way they are through,..but sometimes it's fun to pause... and LOOK BACK...

We can all remember that first day we walked up the walk to West. It was new and gigantic, and we found an astounishing number of new faces. After a while these faces became familiar and eventually, friends. Sometimes you got lost, but if you got desperate there was always that little door marked OFFICE. Finally, when you survived science projects, geography maps, Michigan projects and oral book reports, there came the day when we got our first report cards. You found yourself either congraduated or grounded, according to your parents reaction.

Then came eighth grade, the inbetween year when Tom Warner was Student Council President: That we won all of our sports events and made everyone know West was the BEST around. Gay Paree was the Freshman Farewell and the class of '66 passed on.

Johnson Speaks at Commencement

Crowds estimated from 70,000 to 85,000 heard President Lyndon B. Johnson deliver his commencement address to the U. of M. graduates.

The commencement ceremony began a few minutes late, and was signaled by a procession led by the flags of the U.S., the President, and of the University.

About 5 minutes later the band struck "Hail to the Chief" and thunderous applause greeted the President as he made his way to the speakers' platform.

The President was given an honorary doctorate in civil law. Pres. Johnson began speaking at 10:56 and stopped at 11:15.

L.B.J.'s speech, interrupted repeatedly by the enthusiastic and largely Democratic crowd, began with several examples of the President's humor and contained many important points.

"I have come today from the turmoil of your Capitol to the tranquility of your campus to speak about the future of your country," he began.

He spoke of the Great Society--"The Great Society rests on abundance and liberty for all. It demands an end to poverty and racial injustice...The Great Society is a place where every child can find knowledge to enrich his mind and enlarge his talents. It is a place where the city of man serves not only the needs of the body and the demands of commerce, but the desire for beauty and the hunger of the community."

The President was also concerned with the problem of an "Ugly American." In addition he spoke about the problem of overcrowded classrooms and that most of our qualified teachers are underpaid and many of our paid teachers are unqualified.

"The solution to these problems does not rest on a massive program in Washington, nor can it rely solely on the strained resources of local authority. They require us to create new concepts of cooperation--a creative federalism--between the national Capitol and the leaders of local communities."

COLOR MOVIE PRODUCED

The students in Mrs. Mays' 4th hour English IC class have produced a color science fiction movie, "The Zitten Machine." It was written and directed by Joe Hoagbin. The entire class is in the movie, but Ron Sherrod and Carole Smith have the leading parts.

The movie is about the strange Dr. Vajenhiemer and his fantastic new invention, the Zitten Machine.

This humorous movie should be very interesting to all that see it.

Honors Assembly

The honors assembly will be held Friday June 5th, 1964. Awards will be given at this time to various clubs throughout the school. The band will participate. The final farewell will be given to the 9th grade by Mr. Goodsman. This is the last assembly of the year. Exams start on June 8th.

Well it's marching time again! Most classes have seen the band out in the blistering heat attempting to step lively. On Memorial Day, the band will put its knowledge to use. (Ha Ha)

The ninth graders have just completed tryouts for the various Ypsi. High bands-- the football band, the concert band, and the cadet band.

Over half of the ninth grade band members are going to Interlochen to spend one week marching, eating, marching, sleeping, marching, swimming. marching and dodging the cerfew or generally wrecking the place. Don't you pity the counselors???????????

Mr. Grimes is just about always found in his room helping students after school. Practically every night someone is in his room asking for help.

Usually it's the eighth graders who come in, but often you'll find ninth and seventh graders begging for it too.

A TRIP TO DEXTER

On May 21st the yearbook staff went through the Dexter plant where the yearbook is printed. Mr. Berry and Mr. Lucas drove and 12 kids went. We went through the plant and went to get some icecream. We went in the morning and got back during 4th hour. It was very interesting and worthwhile. Thanks to both Mr. Berry and Mr. Lucas for making this trip possible. We hope the staff will be as good next year as it was this year. Next year the yearbook staff will be going on a picnic so we hear! The yearbook will be back during the week of June 1st.

1964 HOMEROOM TRACK MEET

On Tuesday May 26, the annual homeroom track meet was held. It proved to be one of the most exciting competitive track meets West Junior High has ever staged. The softball throw proved to be one of the most upsetting events of the day. The favorite in the event, Ron Sherrod, was surprised when he was badly beaten by David Gerstler. David went on to set a new school record in the event, when he threw the soft ball 260' 2½", with Ron throwing the ball a mere 249'.

There was also other record breaking events staged as the meet progressed. In the 75 yard dash, 8th grader, Dwight Walls smashed the record of 8.6 vs. the new record of 8.5. but his moral smashed to the dust when Danny Perry streaked to a new record of 8.4. In the 3.0 yard sprint relay the team of Tom Hines, Rick Horst, Ken Henderson, and Lacy Horne (another 4-H club?) shattered the exsisting record of 37.9 to a new low of 37.75.

Continued from page two

Ninth grade, OUR freshman year; fun and hard work together made it the most fun of all. We saw a fellow student take the office of student council president and do an excellent job. We maintained our athletic standing, and (We're proud to say) we usually managed to get the most number of straight A's. To our school we added a school penant, flag and a more efficient voting system. We wrote a school song and produced a movie, which I might add, has never been done before. This year Governor Romney visited our school and was presented with a letter of welcome; our President died and we listened to his succesor barely more than a week ago.

Surely, we can't say this has been a dull three years, and to be truthful, it's has been a real blast, We must give some of the credit to our deserving principal and teachers, who helped us through all of our "bad" times and without whom we couldn't have made it. (By the way, we can thank them for those five grueling exam periords and the one to go.)

In two weeks we'll leave for good, but at WJH will remain a part of all of our lifes along with the classes of '63, '64, '65 and '66 who we join in leaving. Next year we begin again with newer friends, teachers and even new initials: YHS!

To our underclassmen, the eighth graders, a word of advice. Next year will be YOUR year. Have pride; make it the the best ever; make West the BEST.

In two weeks OUR year will be over, and in one We'll say good-by as we march "From These Halls."

MR. ZOOK'S RECITAL

Mr. Zook, the vocal music teacher, gave his recital on May 9th at 7:30 P.M. in our cafetorium. He sang ten songs in excellent and beautiful tenor. Several of the songs were in Latin and German. Constance Speake played the piano and was assisted by Kathy Heyman on the violin. Kathy, a seventh grader, played a violin solo with an assisting pianist. She shows much hidden talent, and many in the audience seemed to be happily surprised.

Marie Hiler

" A Winner"

Angie Reaume won the state cooking contest put on by the Delmarve Poultry Company. Her own recipe was a "Battered Baked Chicken." She has an all expense paid trip to Maryland in June for the National cook-off. Everyone wish her luck!
